The School Where Everybody is Somebody

Dear Idaho Hill Families,

This form is a resource for you to use throughout the year regarding how our district/school will respond to the weekly Panhandle Health District COVID county risk level updates at <https://panhandlehealthdistrict.org/covid-19/>.

Please see the flow chart below in the event our county risk level changes.

We are currently in a **Category 1: Green/Yellow** where school is in session as normal (with social distancing and face mask recommended)

Category 2: Orange-Hybrid is our A & B schedule where students will attend either A/Monday & Tuesday or B/Wednesday & Thursday. **There will be no school on Friday’s during Category 2.** That is a teacher work day.

Category 3: Red is remote instruction. Schools will shift to remote learning for all students.

We will follow the recommendations from Pan Handle Health District. Superintendent Anselmo will adjust our school category as needed to meet those recommendations. You will be notified via our phone alert system on Thursday evening or early Friday morning if our category changes. Category 2 will have no school on Fridays, and Category 3 is remote.
